Some of these products may be covered under your medical benefit.  
 \*Prescription coverage for contraception may vary according to the terms and conditions of the plan  
 \*\*A prescription is required for emergency contraceptives to be covered without cost-sharing under the pharmacy benefit for non-grandfathered plans  
 This information is for informational purposes only, does not constitute legal or other advice, and should not be relied upon to determine coverage. Affordable Care Act regulations provide for an exemption from the requirement to cover contraceptive services for certain group health plans established or maintained by organizations that qualify as religious employers. Also, federal regulatory agencies have established an accommodation for religious affiliated eligible organizations, in which case separate payment may be available for certain contraceptive services. For more information about the religious employer exemption or eligible organization accommodation, please contact us at the phone number on your member ID card.
